FOR IMMEDIATE RELEASE

TRAFFIC ADVISORY STATE ROUTE 88 AT CARSON PASS IN ALPINE COUNTY

Alpine County - The California Department of Transportation (Caltrans) will work to repair the mountain slope at the Carson Pass, east of Kirkwood, near Red Lake Road. This project is necessary in order to improve safety at this location by decreasing the rockfall activity and resulting debris from entering the roadway.

One-way traffic control is currently in effect at the Carson Pass from just west of the National Forest Boundary to just east of the vista point and will remain for the duration of the project.

Continuing on Monday, October 31, 2011, crews will close the highway daily, Monday through Friday, from 1:00 p.m. until 4:00 p.m. Blasting and slope removal activities will occur daily during closures. The full closure is necessary to ensure the safety of both workers and motorists. This work is currently scheduled to be completed by mid November.

Motorists should expect 20 minute delays during the one-way traffic control and at least two hour delays during the full closures. Alternate routes should be taken whenever possible.

This work is scheduled to begin as listed, but is subject to change based on weather conditions.

#

For the safety of workers and other motorists, please Slow For the Cone Zone.
